Collection Overview

Designed in the Sun

We inspire Mediterranean experiences for collaborative spaces.

Viccarbe is located in Valencia, a marvelous Mediterranean city where we enjoy more than 300 days of sun a year. This light has a great influence on our feeling for colours, warmth of materials and attention to detail. Overall, our sense of humour and the way we look after our friends is what makes us different.

Sistema

Designed by Lievore Altherr Molina

Multiple Combinations – For the first time the client can compose and adapt a sofa using imagination to suit his or her taste, needs and requirement. There will be a range of different arms, backrest, seats and accessories to choose from.

(1) Sistema Legs

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

(2) Sistema Legs + Soft

A meeting point between rationalism and warmth. Sistema Soft emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

(3) Sistema Floor

The ultimate version of the Sistema sofa. Perfect for an additional degree of elegance and comfort thanks to its large upholstered modules.

(4) Sistema Floor + Soft

The definitive approach to the aesthetics of a residential sofa: not only due to its form, but also, on this occasion, thanks to its carefully meditated interior. An extra bonus of comfort that it is sometimes not possible to renounce.
