

Pars

A refined range of contemporary work, meeting & conference tables

orangebox

Product Description

Pars is a refined range of contemporary work, meeting and conference tables, available with three distinctive leg options and a broad range of top sizes, and with the ability to be combined with multiple power and data options.

The finishes for the tops include real wood veneer with solid wood edging, wood laminates and standard melamine, with all legs options available in our standard range of metal finishes.

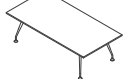

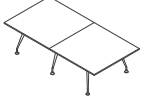

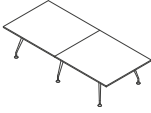

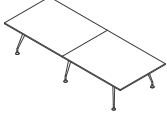

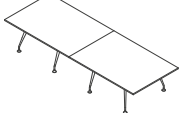

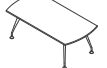

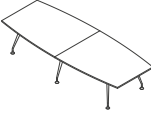

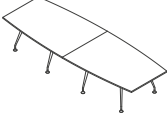

With so many different potential combinations of table size, shape and specification, plus power and data options, please consult the fully updated details in our current price list.
