

Steelcase

Steelcase Flex Active Frames

Steelcase Flex Active Frames are adaptable structures that define space by creating productive, flexible and inspiring homes for teams. With a broad range of customizable configurations, Active Frames provide shelter, privacy and space for teams to collaborate and do their best work.

Design Principles

CREATE A HOME FOR TEAMS

Active Frames provide teams with a place they can call their own — a space that gives them just the right amount of shelter and privacy to do their best work.

SUPPORT DYNAMIC COLLABORATION

Active Frames provide high-performing teams with adaptable space that keeps up with their process and keeps them in flow.

MAKE IT YOURS

Active Frames give teams the ability to customize their workspace to meet their team and individual preferences.

FEATURES + ADJUSTABILITY

SHELVES

Melamine faced boards that connect to the frame with shelf connectors, allowing for ease of reconfiguration.

FRAME

Consists of bases and tubes that provide the overall structure of the frame.

COAT ROD

Secures under the shelf and can be moved front to back.

DOORS

High-pressure laminate doors are standard with fabric door pulls and available with optional locks.

INFILLS

Provide enclosure to the frame. Available in high-pressure laminate and PET.

MOBILE BOARD CLIP

Fits securely on the frame to integrate with Flex mobile boards, power hanger and cup.

BOOKEND

Fits on the front side of a shelf.

FIXED BOARD

Two sided fixed boards connect to the frame and are available in PET/Whiteboard and Whiteboard/Melamine.
